Real Learning for The Real World

## *From Founder-cum- Chairman desk*

Dear cherished and prospective parents,

**“EDUCATION IS NOT THE FILLING OF  
A PAIL BUT THE LIGHTING OF A FIRE”**

- Plutarch

As rightly said by Nelson Mandela -

“Education is the most powerful weapon which you can use to change the world”. We at The Reality Public School wish align ourselves to the same by giving you and your child a new horizon in education. An experience that will leave both of you with new outlook on life. Students today have an unquenchable thirst

to seek knowledge that cannot be satiated by traditional methods of imparting education like note learning and passive listening. With the paradigm shift in the field of education, children at TRPS will be provided with opportunities and situations that facilitate them.

To exhibit their hidden potential to the fullest we not only offer you an infrastructure conforming to the global standards but also an opportunities to tap the individual talent to edify the young learners keeping in view a synchronous growth to their body, mind and soul.

May you all continue to scale growth and insurmountable heights of excellence. I take this opportunity to congratulate the Principal, teaching, non-teaching staff, parents and students and every effort of the team is highly appreciated who has contributed towards making learning interesting and meaningful experiences through which our students will be able to develop the most relevant skills, habits and character attributes.

We see no substitute for the patient efforts of teacher and students sitting at the table and in regular consultation learning together.

Dr. Sudhang Kr. Brahma  
Founder cum Chairman
